EDWARDS & CLARK.

HOW TO PRONOUNCE HYOMEI.

Clarke & Co. Tell of This Remarkable Treatment Cures Catarrh Without Stomach Dosing.

"While all our customers who have used Hyomei agree that it is remarkably successful in curing catarrh and other diseases of the air passages," says Clarke & Co., "yet there has been considerable diversity of opinion as to how the name is pronounced."

"Hyomei is pronounced just as if it were spelled 'high-o-me,' with the accent on the first syllable."

"A great many come to our store and instead of asking for Hyomei, tell us they want a package of the treatment for catarrh that we are selling on a guarantee."

"While we know what they mean and all of our clerks will give them Hyomei, yet we want every one to know how to pronounce the name of Hyomei, so that they may run no chance of getting anything but Hyomei, no matter where they go."

"It is nature's true cure for catarrhal troubles. It kills the germs of this disease, soothes and heals the irritated mucous membrane, and effectually drives all catarrhal troubles from the system."

"All the stomach dosing in the world can do no lasting good in the treatment of catarrh unless the nose and throat are free from catarrhal microbes. There is no stomach dosing with Hyomei; just breathe it."

"We have so much confidence in the value of the treatment, that we are selling it with the understanding that we will return the money if it fails to cure. All the News readers know that we do exactly as we agree."

Paris Should Have a Company.

Adj't Gen. Haly was notified by the Military Secretary of the War Department that, following the report of inspection just made to that department by Maj. Edgar W. Howe, U. S. A., on the condition of the Kentucky State Guard, the organized militia of Kentucky, is now regarded as "sufficiently armed, uniformed and equipped for active duty in the field" as to entitle it to the benefits of section 14 of the militia laws of the United States, and the Assistant Secretary of War has so ordered.

The ruling has seemed to put new life into our State Militia and they are endeavoring to organize new companies in the leading towns of the State, and have succeeded at Winchester and several other places. On yesterday, Capt. W. J. Foley, Adjutant of the Second Regiment was in Paris and is very anxious for a company to be organized here at once. Now is the time for you to show your military ardor, for right off the reel you will go into camp at the St. Louis Fair from Aug. 2nd to 15th. The company is to be composed of 51 members and three commissioned officers. Paris should by all means keep up with our adjoining cities and organize a crack company. Anyone desiring more information in regard to the matter write to Capt. W. J. Foley, at Lexington, and he will furnish you all particulars. The company will be furnished with the very latest equipments of war at once. Now is the time boys. Let some one take hold and organize.

THRO' KENTUCKY.

Thro' the grand state of Kentucky, Where the "Old Home" got its name, Where the fields are overflowing With the yellow ripening grain.

Here tobacco plants are growing, In the fields not sown with corn, Tobacco plants—big as cactus—Just as sure as you are born.

Yes, they're large as good-sized cactus, Larger in our home-like view, But it's a fine a grade as Is that old "Kentucky Dew."

Here all people reap a harvest, Money in bank from year to year, All the green calamity howlers, Lose their jobs when they land here.

Here the "dry" ways are the highways, Built high and dry from rains and flood, Here the "good roads delegation," Swear the roads are suit'nly good.

But of pikes and highways finest, There's a "road" that suits my taste; 'Tis the line of Solid Comfort, And the trains let no time waste.

From Kentucky to St. Louis, Operates this road of class, Across the famous old "Green River" On its roadbed smooth as glass.

Would you know the road I speak of? Listen then to my advice, For you'll need it in your business, On your trip to Paradise.

In your travels to St. Louis—Hurry; beat them under the wire, "Get the 'Henderson Route' habit"—'Tis a good one to acquire.

THE DEFENSE BEGINS.

Gillespie Murder Trial at Rising Sun, Ind., Nearing the End.

Jim Gillespie Has But the Period of Five Minutes to Account For to the Jury on the Night of the Assassination.

Rising Sun, Ind., May 20.—Contrary to rumor, the defense in the Gillespie case did not Thursday morning move for the dismissal of the accused before offering any testimony.

Jim Gillespie has but the brief period of five minutes on the night of December 8 to account for to the satisfaction of the jury and he will go acquitted. The testimony of the state has so traced him that only these few minutes remain to stand against him. It must, in the natural course of proceedings, be shown in the alibi to be presented in his behalf, where he was from the time that he left the kitchen of the Seward home until he was seen at the lattice gate between the Seward and Boyle houses. The testimony of Mrs. Jane Boyle fixes from the state's side the time period. In her testimony she declared that five minutes elapsed from the firing of the shot until she saw Jim with his sister, Mrs. Seward, in conversation at the gate.

It is the general belief, by the line of cross-examination pursued by the defense, that it will be sought to prove that James Gillespie went from the Seward home to an outhouse and remained there until after his sister Elizabeth was shot, then started along the walk between the two houses, going toward the front yard of his home, when he encountered at the lattice gate his other sister, Mrs. Seward, who, a moment before had cried out, "Where is Jim?" and had then said, "He went to the outhouse."

Rising Sun, Ind., May 21.—One of the fights the defense will make in the Gillespie case concerns the matter of the scattering of the shot in the room where Elizabeth Gillespie was killed. Testimony has been given to show Jim Gillespie's gun, offered in evidence, is choke-bore in both barrels, and that therefore there is a check on a tendency of a load to spread.

Clyde Peaslee, the city lamp tender, was the first witness Friday morning. He testified that the second day after the shooting he was in the alley in the rear of the Gillespie home. A boy gave him an empty shell, which the lad claimed he had found in the alley. The shell was a 16-gauge.

Peaslee says he turned the shell the boy gave him over to Marshal Overly. Russell Gibbs was the name of the boy who gave him the shell. The shell was shown the witness in court. He said it looked like the one given him, but he could not positively identify it. Marshal Thomas Overly testified he received a shell from Peaslee the second day after the shooting. He testified the shell shown him looked like the one given him. The state admitted the shell presented as the one turned over to Dr. L. C. Cowen by Overly. The purpose of the defense is to show by the empty shell found in the alley that the man heard hurrying through the alley after the shot was the assassin and dropped the shell where it was found. The shell said to have been found there is yellow, while the shell turned over to the grand jury by Barbour was green, though both shells are 16-gauge.

THE McDONALD TRIAL.

Bloody Clothing of Murdered Girl Put in Evidence.

Bedford, Ind., May 20.—The bloody and mud-soaked clothing of the murdered girl was introduced in evidence while Sheriff Smith was on the stand. While it was in evidence the father and brother of Miss Schafer left the courtroom. The outer garments were matted with cinders and blood, the underwear torn and the stockings caked with mud along the front from the shoes to the knees, showing she had been on her knees and had been dragged during the struggle.

Drs. Freeland, Short and Ferry, who performed the autopsy, stated positively that there were no marks on the body to indicate an attempt to commit assault.

George Ikard told of walking on the street with McDonald after the murder and relating the circumstances of the murder. Ikard testified that when he said that he believed the murderer was a Bedford man and if caught he would like to help hang him, McDonald seemed confused.

Mayor Smith was recalled and told of visiting the cab-shed after the murder and of being present when McDonald was arrested and when the plaster cast of the foot print in the alley was made. He also told of accompanying Detective Reed and McDonald to the alley when the latter was asked to place his foot in the foot-print. McDonald's shoe and the plaster cast were introduced as evidence.

Bedford, Ind., May 21.—John Stout, a plumber, at one time McDonald's employer, said the latter had often had opportunities of seeing Miss Schafer. Deputy Sheriff Thrasher, of Monroe county, testified that McDonald, while in jail at Bloomington, had told him that he knew who killed Miss Schafer, and that he believed it was Lawrence Cosner. Peter Thrasher, sheriff of Monroe county, testified that McDonald had told him he believed Lawrence Cosner killed Miss Schafer.

Detective Smith, of Chicago, who assisted Detective Reed in the early investigation of the mystery, was called

to the stand and testified concerning the arrest of McDonald and the comparison of McDonald's shoes with the footprint in the alley.

Sheriff Smith related the incidents following the discovery of the murder, of McDonald's arrest, and of taking the prisoner to the Jeffersonville jail, but said he could remember little of his conversation with McDonald. At this point he was asked concerning a statement made by McDonald and recorded by Detective Reed. The defense entered an objection, which was sustained.

It was rumored in the court-room that this statement, which had been in Sheriff Smith's custody, had disappeared from his desk and could not be found.

Detective Reed's testimony up to the time of adjournment covered merely the incidents following the finding of the body and the deliberations of the board of inquiry.

Bedford, Ind., May 23.—The prosecution in the trial of James McDonald for the murder of Miss Sarah Schafer, stated Sunday that it would complete its case Monday. The opening statement for the defense will be made Monday afternoon or Tuesday morning.

The defense has not stated positively that it would introduce the prisoner as a witness, but it is believed, by those who have followed the proceedings closely, that McDonald will take the stand in his own behalf. The greatest interest centers upon his testimony. It is noticeable that the sentiment of the people of Bedford for and against the prisoner is about equally divided.

It is reported that the defense will call Onis Emery, a freight conductor for the Monon, to testify that he met McDonald at 6:20 o'clock on the night of the murder, where both took shelter from the rain, under an awning, and that Emery went to the home of Henry Jamison and McDonald went to the Grigsby grocery store.

FRANCE AND THE VATICAN.

The Rupture Between the Two the All Absorbing Topic in Paris.

Paris, May 23.—The recall of M. Nisard, French ambassador to the vatican, is the absorbing topic. The ambassador is expected to arrive here Monday morning, when he will confer with Foreign Minister Helcassee and go over the details of the rupture between France and the vatican preliminary to the meeting of the council of ministers on Tuesday, when a further line of action will be determined upon. Contrary to general expectation, Mgr. Lorenzelli, the papal nuncio at Paris, will not leave his post.

The tone of the socialist papers indicates that a powerful element has urged the government to take more extreme measures. Deputy Gerait Richard says in the Petite Republique that the matter must proceed until the concordat has been ended. M. Clemenceau in Laurore ridicules the granting of leave to Ambassador Nisard as being wholly inadequate and says it is a recall which does not recall and a rupture which does not rupture.

The socialist paper Lanterne complains that the government has not fulfilled the promises made to the parliamentary leaders that a complete rupture would take place and declares that the leaving of a charge in the affairs to carry on routine business with the vatican will not be satisfactory. There is nothing to do, it adds, but to effect a complete withdrawal of the embassy and the embassy staff until not a concierge or cook remains.

TWO WERE KILLED.

The Result of a Quarrel Between Italians at Cardiff, Pa.

Dubois, Pa., May 23.—Frank Paul, a prominent man of Cardiff, 11 miles east of here, while visiting friends at a boarding house near his home, became involved in a quarrel with Saverio Pelligreno, an inmate of the house. Paul left hurriedly for his home, leaving his hat lying on the ground in front of the house. His wife went for the hat, when she was shot dead by Pelligreno. Paul immediately went to the boarding house with a shotgun and killed the Italian. He was arrested.

JEWELS STOLEN.

Goods to the Value of \$18,000 Taken From a Chicago Residence.

Chicago, May 23.—Diamonds, emeralds and other jewelry amounting to \$18,000 were stolen Sunday from the residence of John W. Kiser, 3357 Michigan avenue. The jewels were put away in a chiffonier Saturday night and locked up but Sunday when Mrs. Kiser went to get some of the gems to wear she discovered that they had all mysteriously disappeared. Detectives have been put on the case, but so far no trace of the thieves has been found.

Death of Frank Phillips. Chicago, May 23.—Frank Phillips, a well known horse owner and bookmaker, died here Sunday night at the Palmer house of Bright's disease, aged 42. He arrived Friday from San Francisco, where had a successful winter.

Filipinos Massacred. Manila, May 23.—Fifty-three Filipino men, women and children, employees of the military government at Malabang, were massacred by a band of Moros at midnight on the 12th instant.

May Destroy Armenian Villages. Constantinople, May 23.—It is said the authorities contemplate destroying all Armenian villages in the Sassun district of Asia Minor in order to prevent the concentration of insurgents.

To be a successful wife, to retain the love and admiration of her husband should be a woman's constant study. Mrs. Brown and Mrs. Potts tell their stories for the benefit of all wives and mothers.

"DEAR MRS. PINKHAM:—Lydia E. Pinkham's Vegetable Compound will make every mother well, strong, healthy and happy. I dragged through nine years of miserable existence, worn out with pain and weariness. I then noticed a statement of a woman troubled as I was, and the wonderful results she had had from your Vegetable Compound, and decided to try what it would do for me, and used it for three months. At the end of that time I was a different woman, the neighbors remarked it, and my husband fell in love with me all over again. It seemed like a new existence. I had been suffering with inflammation and falling of the womb, but your medicine cured that and built up my entire system, till I was indeed like a new woman." Sincerely yours, Mrs. CHAS. F. BROWN, 21 Cedar Terrace, Hot Springs, Ark., Vice President Mothers' Club."

Suffering women should not fail to profit by Mrs. Brown's experience; just as surely as she was cured of the troubles enumerated in her letter, just so surely will Lydia E. Pinkham's Vegetable Compound cure other women who suffer from womb troubles, inflammation of the ovaries, kidney troubles, nervous excitability, and nervous prostration. Read the story of Mrs. Potts to all mothers:—

"DEAR MRS. PINKHAM:—During the early part of my married life I was very delicate in health. I had two miscarriages, and both my husband and I felt very badly as we were anxious to have children. A neighbor who had been using Lydia E. Pinkham's Vegetable Compound advised me to try it, and I decided to do so. I soon felt that my appetite was increasing, the headaches gradually decreased and finally disappeared, and my general health improved. I felt as if new blood coursed through my veins, the sluggish tired feeling disappeared, and I became strong and well."

"Within a year after I became the mother of a strong healthy child, the joy of our home. You certainly have a splendid remedy, and I wish every mother knew of it." Sincerely yours, MRS. ANNA POTTS, 510 Park Ave., Hot Springs, Ark."

If you feel that there is anything at all unusual or puzzling about your case, or if you wish confidential advice of the most experienced, write to Mrs. Pinkham, Lynn, Mass., and you will be advised free of charge. The Way to Happiness.

Rightly understood, happiness is not only our aim, but is plainly intended to be such by our Creator. He made us to be happy; the whole bearing of revealed religion is to make us happy. Of course, the man who grasps at selfish enjoyment turns his back on happiness—self-sacrifice and exertion, where needful, are the way to happiness.—A. H. K. Boyd.

Lessening the Sentence.

A judge in Vienna recently had before him a prisoner against whom there were 400 charges of theft. He was convicted of all of them, and if he had been sentenced for the full term of punishment he would be doomed to 2,500 years' imprisonment; but the judge's heart melted, and, in passing sentence, he took off 1,000 years.—London Tit-Bits.

Waterproof Taffeta.

Waterproof taffeta, soft as foulard, is one of the most popular materials for summer short waist suits. A watered or gleaming moire finish distinguishes a pretty effect in this new stuff. Being waterproof, as well as attractive, this fabric is practical as well as pretty.—Detroit Free Press.

"Among Those Present."

Sharpe—Here I see I am referred to in the paper again.

Blunt—W-w-what?

Sharpe (reading aloud)—"At the close of last week it was estimated that there were over 5,000,000 of people in London." And I'm one of the lot.—Stray Stories.

To Serve Sardines.

In serving sardines many people drain and wipe the fish, and, after placing on the serving platter, pour a teaspoonful of pure olive oil over each. This is supposed to render them more delicate in flavor.—Detroit Free Press.

Cut Out for Political Career.

A Chinaman at Bridgeport, Conn., while being baptized into the Baptist church, picked the officiating minister's pocket of \$150. That Chinik is better equipped for a career in politics than in the church.—Washington Star.

Part of the Business.

"Why is it that oculists and opticians always wear glasses?"

"I don't know, unless it's for the same reason that tailors always wear good clothes."—Chicago Record Herald.

New York's Mortality.

The mortality in the state of New York for February was the highest ever known. The increase was due to pneumonia, which caused one in seven of all deaths.

WHAT THE KING EATS.

What's Fit for Him.

A Massachusetts lady who has been through the mill with the trials of the usual housekeeper and mother relates an interesting incident that occurred not long ago. She says:

"I can with all truthfulness say that Grape-Nuts is the most beneficial of all cereal foods in my family, young as well as old. It is food and medicine both to us. A few mornings ago at breakfast my little boy said:

"Mamma, does the king eat Grape-Nuts very morning?"

"I smiled and told him I did not know, but that I thought Grape-Nuts certainly made a delicious dish, fit for a king." (It's a fact that the king of England and the German emperor both eat Grape-Nuts.)

"I find that by the constant use of Grape-Nuts not only as a morning cereal but also in puddings, salads, etc., made after the delicious recipes found in the little book in each package it is proving to be a great nerve food for me, besides having completely cured a long standing case of indigestion." Name given by Postum Co., Battle Creek, Mich.

There is no doubt Grape-Nuts is the most scientific food in the world.

Ten days trial of this proper food in place of improper food will show in steady, strong nerves, sharper brain and the power to "go" longer and further and accomplish more. There's a reason. Look in each pkg. for the famous little book, "The Road to Wellville."

A FATAL EXPLOSION.

A Railway Torpedo Factory at Findlay, O., Blown Up.

Seven Persons Killed, Five More May Not Recover and Ten or Twelve Badly Injured—Concussion Felt For Miles Around.

Findlay, O., May 23.—As a result of an explosion in the two drying rooms of the Lake Shore Novelty Co.'s plant here Sunday, seven persons are known to be dead; five are so seriously hurt that recovery is believed to be impossible, and 12 or 15 are injured badly. From reports of the physicians ten of the less seriously injured may die as a result of blood poisoning from the potato that was driven into their bodies.

The dead: Joe Sherwood, aged 21; Jay Sherwood, 24; Edith Dillon, 17; Dean Shaw, 18; Mary Snider, 22; Estella Decker, 15; Frank Grant, 21. All of the above, with the exception of Estella Decker and Frank Grant, were killed instantly. The latter two died after being removed to their homes.

The injured whom it is believed can not recover are: Maggie Logan, 19, injured by flying debris; Thomas Bock, struck in the back by flying barrel, arms and legs broken, internally injured; Claude Shaw, twin brother of Dean, badly injured and ankle broken; Effie Peterman, caught in falling debris and internally injured; Roy Peterman, badly injured by falling debris.

Two employees are missing and are supposed to have been blown to atoms. The Lake Shore novelty works plant covered nearly ten acres of ground in the southwest part of the city and employed nearly 200 men, women and children. Railroad torpedoes and four of July explosives were manufactured. Owing to the large rush of orders the officials of the plant requested the employees to report for duty Sunday. About 30 complied with the request.

Sunday morning the residents of Findlay were startled by two explosions which shattered windows throughout the city. The concussion was felt for miles around. Two magazines in separate rooms at the novelty works exploded simultaneously with terrible reports. The exact cause of the explosion is not definitely known. It is surmised that one of the Sherwood brothers, who were the only persons in the drying rooms, dropped a large box of torpedoes, but this theory can not be confirmed. The explosion occurred shortly before the employees assembled for duty. At least 20 persons were on their way to the factory when the explosion occurred.

Human forms were strewn considerable distance apart on the factory site. The remains of the Sherwood brothers were found in drying room No. 1, mangled and almost unrecognizable. Their clothing was blown from their bodies save a stocking on the right foot of Jay Sherwood. The body of Edith Dillon was picked up 200 yards from where the explosion occurred.

The news of the catastrophe spread like wildfire throughout the country. Every train and interurban car that has arrived in the city was crowded. The large plant is shattered into fragments, not a single wall remaining. Bricks and timber can be found for half a mile around.

BENJ. GREENBOUGH'S WIDOW.

She Brings Suit Against the Standard Oil Co. For About \$50,000,000.

Boston, May 23.—One quarter of a cent on every gallon of kerosene oil manufactured by the Standard Oil Co. since 1874 is what Mrs. Benjamin Greenbough claims is due her, as the executor of her husband's estate. She has entered suit against the great corporation and the amount she hopes to wrest from it is estimated at \$50,000,000.

The suit is for royalties on a product of Greenbough's inventive genius. To him is attributed the present commercial utility of kerosene, on the ground that he invented the process which rendered it non-explosive.

It was evidently a case of suicide.

OUR FARM SURPLUS.

Report of the Agricultural Department on the Matter.

Washington, May 23.—The department of agriculture has issued a report on "The Nation's Farm Surplus," prepared by George K. Holmes, chief of the division of foreign markets. It gives \$4,500,000,000 as a conservative estimate of the value of the farm products of this country not fed to live stock in 1903, on the basis of the census valuation. The value of the exported farm products of this country in 1903 was \$878,479,451 and the highest value reached during the last 11 years was \$951,628,331 in 1901, due chiefly to cotton. The value of the exported farm products of this country is concentrated mostly in a few principal products. Of it in 1903 cotton constituted 36 per cent, grain and grain products 25 per cent, meat and meat products and live animals 24 per cent, these products equalling more than 85 per cent of the exports of farm products last year. Adding tobacco, the exports of which were valued at more than \$35,000,000, oil cake meal \$19,839,279, fruits and nuts more than \$18,000,000, and vegetable oils more than \$16,000,000, gives a total of eight classes of products, each with an export value of more than \$10,000,000, that comprises almost 96 per cent of the entire farm products of 1903.

With recent years, ending with 1903, the cotton exports have been between three and four billions of pounds and the exported fraction of the crop has been between 63 and 71 per cent for a long series of years. The fraction of the wheat crop exported in the last dozen years has been about 31 to 41 per cent, and the exported wheat and wheat flour have yearly averaged somewhat more than 200,000,000 bushels since 1897, before which period for many years the quantity was usually 50,000,000 to 100,000,000 bushels less. Only a small portion of the corn or maize crop is exported as corn, the highest percentage, 11 per cent, being for 1898. Notwithstanding the small percentage, the exported bushels reach 100,000,000 to 200,000,000. The beef exports weighed 385,000,000 pounds, pork exports 551,000,000, lard exports 490,000,000, oleo oil exports 126,000,000 and tobacco 368,000,000 pounds. Butter and cheese exports have declined decidedly within two or three years. The report says that within a few years the results of an enormous extension of orchard planting will begin to appear and some of these results may be in a much increased fruit supply for export. The exports of animal matter are losing ground relatively with a corresponding gain by vegetable matter. Taking up the destination of the surplus, the reports says the United Kingdom takes about one-half, Germany about one-sixth and France, the Netherlands, Belgium, Canada and Italy from 3 to 5 per cent each. China in recent years takes a million dollars' worth annually.

MISSIONARY BISHOPS.

The Methodist General Conference Elected Three.

Los Angeles, Cal., May 23.—It is unofficially stated Sunday that the ballot taken by the Methodist general conference Saturday for missionary bishops, resulted in the election of Dr. I. B. Scott, of Louisiana (colored), as missionary bishop to Africa, and Dr. W. F. Oldham and Dr. K. E. Robinson as additional bishops in Southern Asia. Dr. Scott's election occasioned some surprise, as it was thought that Dr. Campor, of Liberia, would be the successful candidate.

The conference on Saturday elected the eighth bishop in the person of Dr. J. R. Day, chancellor of Syracuse (N. Y.) university.

DEMOCRATIC TICKET.

FOR CONGRESS—
HON. SOUTH TRIMBLE,
of Franklin County.

Should Be Fair.

The Woodford Sun is usually eminently fair in its treatment of men and measures, but it was certainly badly advised as to the Lexington Convention, and particularly as to Mr. Thomas' relation thereto. The claim that Judge Stout could ever at any time have been nominated by that Convention, or that his name was seriously thought of in connection with the nomination, is without any foundation whatsoever. Woodford county may rest assured that in return for her kindness to Mr. Thomas, and particularly by reason of the loyal support of that part of the delegation to the Lexington Convention which was pledged to his interests, Bourbon is ready to return favors, and would be more than happy to be asked to extend a hearty support to any aspiration of Woodford's popular County Judge. We have been pleased to regard Woodford, and that sentiment is common to all Kentucky, as typifying the highest qualities of Kentucky citizenship, but the conduct of some of the people of that county towards Dr. Neet and Mr. McWilliams will persuade outsiders to believe that as to some of her people, at least, there has been an error of judgment. We had supposed that in Woodford county, no matter what the general rule might be elsewhere, men would be applauded for keeping their word, even in politics. And this is the charge, and the only one, against these gentlemen, that they agreed to do a certain thing "in politics," and, having made the agreement, carried it out. Would that we might have more such men sent as delegates to conventions.

The name of Mr. Stout was never heard of by any one in the Bourbon delegation as a possible candidate until Friday, the last day of the convention. He was known to have come as a delegate committed to the fortunes of Mr. Cantrill.

We do not know him personally, but our information as to his character is correct, he would never have permitted his name to go before that convention while Cantrill was a candidate. If there was any other understanding between Stout and the man he was supposed to be supporting, why did he not have his name presented to the convention by the men alleged to have offered him the nomination? In that event, no doubt, Dr. Neet and Mr. McWilliams would have asked Mr. Thomas' release from their obligations to him, and it would have been granted. The fact is, Bourbon would have been happy, in event Mr. Thomas could not win, to have seen any Woodford citizen honored with the nomination. But, Mr. Bomar, we are for Mr. Thomas in Bourbon, perhaps not less than you are for Mr. Stout in Woodford. Woodford was courteous to our candidate, and we stand ready to reciprocate in kind. By the way, has Woodford a candidate for United States Senate? Bourbon is for him. If you want anything else, commission Neet, McWilliams, Taylor and Jesse to come for it and they will not be apt to return empty handed.

The building, which is a handsome stone front of Gothic type, fitted and furnished at a cost of \$18,000, was dedicated free of debt, \$3,350 being raised by the congregation present. The Rev. E. G. B. Mann, Presiding Elder of the Lexington district, preached a most instructive and interesting sermon to an audience that tested the new building to its utmost capacity. The services closed with a regular Methodist lovefeast. Visiting Methodist ministers filled the other pulpits and good collections were taken for the benefit of the new church.

Fatal Shooting.

On Friday, in response to a telephone message from Hutchison to the county authorities, Deputy Sheriff Clark and Jailer Geo. W. Judy went out to arrest a negro, Thomas Miller, who was in possession of some stolen hogs, and who was trying to dispose of same. The officers came across the negro on the Hume & Bedford pike and arrested him. He was placed in the buggy with Mr. Clarke while Mr. Judy was driving the hogs into Mr. Wm. Clarke's place, where they were to be left until identified. When Mr. Clarke started to turn the buggy on the narrow road Miller jumped out and made across the field. He refused to stop when repeatedly called on to halt, and only stopped when a pistol shot from Jailer Judy struck him in the right hip. He then walked back to the buggy and was lodged in jail. The ball could not be found, had ranged upward, and Miller gradually grew worse until early Sunday morning, when he died from effects of the wound.

The negro was given every chance to stop after breaking away from the officers, and Mr. Judy's intention was only to hit him in the leg, and he regrets very much that the wound proved fatal, but nevertheless, he was perfectly justifiable in what he did, and is not to blame in any way. He is a faithful and conscientious public official and can be found trying to do his duty on all occasions.

The hogs were stolen from W. J. Davis, of near Hutchison.

Interurban To North Middletown.

Again we are going to urge our business men to take up the question of building an interurban road from Paris to North Middletown. This is a matter surely worth your time to investigate. If the "dead ones" who are at the head of the Paris Commercial Club will not make a move, let some one enterprising merchant say to us that he is willing to take an interest in this move and we will call a meeting of the business men at once. North Middletown is a wide-awake little town, the best people on earth live in this precinct, and if there is a trade that should be cultivated by Paris merchants it is the trade of the North Middletown precinct—not only good people, but they are good pay.

The Paris & Lexington Interurban have given bond to donate \$10,000 to a road from Paris to North Middletown, if such a road was ever built. Let home capital build this road. The Paris & Lexington line is a paying investment and we venture to say that a road from here to North Middletown would help Paris more than ten from Paris to Lexington. If a road is built from North Middletown to Mt. Sterling, Paris will soon see that they lost the opportunity for the betterment of trading and business interests.

Long Drawn Out Case Ended.

In the matter of Lavinia Cunningham, statutory guardian of Nannie W. Clay, which has been a bone of contention in the County Court since last Fall, was finally disposed of Saturday, at least as far as this court is concerned. It was all about the settlement and removal of Mrs. Cunningham as guardian. His honor, Judge H. C. Smith, handed down an order which removed Mrs. Cunningham as guardian, and in her place appointed Mr. Brutus J. Clay, Jr., as guardian of Nannie W. Clay, his daughter.

A rough house was in progress and Chief Hill was able to land ten of the disturbers. In Judge Hinton's court, yesterday morning, each of the mid-night prowlers were fined \$7.50 and those failing to pay were sent to jail. Sam Rice was also fined \$12.50 for disorderly conduct.

A Continual Strain.

Many men and women are constantly
subjected to what they commonly term
"a continual strain" because of some
financial or family trouble. It wears and
distresses them both mentally and physi-
cally, affecting their nerves badly and
bringing on liver and kidney ailments,
with the attendant evils of constipation,
loss of appetite, sleeplessness, low vitality
and despondency. They cannot, as a
rule, get rid of this "continual strain,"
but they can remedy its health-destroy-
ing effects by taking frequent doses of
Green's August Flower. It tones up
the liver, stimulates the kidneys, insures
healthy bodily functions, gives vim and
spirit to one's whole being, and eventu-
ally dispels the physical or mental dis-
tress caused by that "continual strain."
Trial bottle of August Flower, 25c; regu-
lar size, 75c. At all druggists.—W. T.
Brooks.

Healthy Mothers.

Mothers should always keep in good
bodily health. They owe it to their
children. Yet it is no unusual sight to
see a mother, with babe in arms, cough-
ing violently and exhibiting all the symp-
toms of a consumptive tendency. And
why should this dangerous condition ex-
ist, dangerous alike to mother and child,
when Dr. Boesch's German Syrup
would put a stop to it at once? No
mother should be without this old and
tried remedy in the house—for its time-
ly use will promptly cure any lung,
throat or bronchial trouble in herself or
her children. The worst cough or cold
can be speedily cured by German Syrup;
so can hoarseness and congestion of the
bronchial tubes. It makes expectora-
tion easy, and gives instant relief and
refreshing rest to the cough-racked con-
sumptive. New trial bottles, 25c; large
size 75c. At all druggists.—W. T.
Brooks.

FOR JUDGE OF COURT OF APPEALS.

TO THE VOTERS OF THE FIFTH AP-
PELLATE COURT OF KENTUCKY:—I am a
candidate for Judge of the Court of Ap-
peals from this District, subject to the
action of the Democratic party. As
Circuit Judge, it became my duty to try a
number of criminal cases, which have be-
come a part of the State's history and at
a most critical time. As Judge of the
State Fiscal Court, it fell to my lot to
construe the Statutes adopted, to put in
force the provisions of the new Constitu-
tion, as well as to construe the present
Constitution whenever a con-
troversy arose as to its proper construc-
tion. Almost innumerable cases have
burdened the dockets of my court, touch-
ing the rights of corporations and the ex-
ercise of franchise under law. How well
I have discharged my duties under such
trying circumstances, is left to you to de-
termine.

I will be very grateful to all who feel
they can assist me to secure the high po-
sition and office to which I aspire.

Very respectfully,
JAMES E. CANTRILL.

FOR CONGRESS.

We are authorized to announce W. P.
Kimball, of Fayette county, as a can-
didate for the Democratic nomination for
Congress from Seventh District, subject
to the action of the district convention to
be held in the city of Lexington on
Thursday, May 12, 1904.

I am a candidate for re-election to
Congress from this District, subject to
the action of the Democratic party. I be-
lieve in getting as close to the people
as possible, and it was my desire that
a primary election be held to select a
Democratic nominee for Congress, so
that every Democrat could have the
privilege of going to his precinct voting
place and expressing his choice, but my
opponents desired mass conventions at
the county seat, and the committee so
ordered.

I am now serving my second term as
your Representative. I have endeav-
ored, to the best of my ability, honestly,
faithfully and conscientiously to do my
duty. It is my highest ambition to se-
cure legislation for the relief of the
farmers, who have been so grossly im-
posed upon by unjust laws, and I feel
that my experience has fitted me to ren-
der valuable service on this line, if I am
permitted to continue to represent my
District.

My official duties in Washington will
prevent me from making an active per-
sonal campaign in all the counties of the
district, therefore, I will have to rely on
my friends to take care of my interest,
which I have an abiding faith they will
do. Trusting my service as a member
of Congress meets with your approval,
and hoping my candidacy will receive
your valuable aid and support, I am
Very respectfully yours,

THE NAVAL SITUATION.

Loss of Japs' Warships Gives
Russia an Advantage.

The Port Arthur Channel Is Free—
Rr. Adm. Wittsoeff Can Now Make
Frequent Trips to the Sea
With His Vessels.

Washington, May 20.—Advices re-
ceived at the Japanese legation from
Tokio confirming the press account of
the sinking of the cruiser Yoshino and
the battleship Hatsuse, state that after
the Hatsuse had been struck by
Russian mechanical mines a Russian
flotilla of 16 torpedo boats and destroy-
ers appeared but were repulsed by the
Japanese cruisers, which saved 300 of
the Hatsuse's crew, including Adm.
Mashiba and Capt. Nakao.

London, May 20.—The Standard's
correspondent at Tien-Tsin cables that
while the Japanese fleet was covering
the landing of troops near Kai Chau
on Monday, a fierce engagement oc-
curred at Hien Yen Cheng. Two thou-
sand Russians were killed or wounded.

St. Petersburg, May 21.—So changed
is the naval situation at Port Arthur
by the Japanese disasters, naval offi-
cers say, that the officials would not
be surprised should Rr. Adm. Witt-
soeff, as soon as his "lame ducks" are
repaired, make frequent trips to sea,
as the late Vice Adm. Makaroff did, in
order to harass the enemy's opera-
tions along the western coast of the
Liao Tung peninsula. They assert
that the latest advices show the chan-
nel to Port Arthur is free, despite the
Japanese claim to the contrary.

Second thoughts have caused the ad-
miralty officials to discredit the report
that the Japanese battleships Shiki-
shima and Fuji have also been destroy-
ed. It is believed that the Russian
refugees from Port Dalny who circu-
lated the report on arrival at Che Foo
Thursday, probably confounded the
Shikishima and Fuji with the Hatsuse
and Yoshino. But the official advices
do show that the Kasaga, which ram-
med the Yoshino, was damaged; and
the opinion prevails that she must be
seriously injured, necessitating her
withdrawal from the fleet for a time.

London, May 23.—The correspond-
ent of the Times, on board that paper's
steamer Haimun, which is still ex-
cluded from the real theater of war,
gives a review of the present position
of affairs and says:

"Reserves from Japan are being
brought to reinforce Gen. Kuroki's
lines of communication which are be-
ing harassed by Cossacks.

"Gen. Kuroki appears to be waiting
for the landing and co-operation of a
third army. It was while holding the
Miao Tao straits against torpedo at-
tacks from Port Arthur for the pas-
sage of transports with the third army
that the Hatsuse met with disaster.

"Realizing that they were effectually
isolated, the Port Arthur Russians
made their desperation an excuse for
sowing the whole gulf of Pe Chi Li
with floating blockade mines."

"It is reported that they sent
launches and junks to drop mines in
the paths of the Japanese warships
and transports. The mines drifted to
the high seas and to Chinese waters,
constituting the gravest danger to neu-
tral shipping.

"Sunday the Haimun passed two
floating mines within six miles of Wei
Hai Wei. Even as the act of a desper-
ate garrison this must be in violation
of the law of nations."

Fusan, Korea, May 23.—From Chi-
nese sources it is rumored that 2,000
Russians have reoccupied Hsin Yen.
Cossacks have been seen near Kaoli-
man and 13 miles west, none have
been observed on the main road to
Lao Cheng.

The Russians are scouting on all
sides, but are disinclined to fight un-
less they are in far superior numbers.
The recent landing of the Japanese
forces at Takushan guarantees the Ja-
pan lines of communication.

London, May 23.—The Daily Tele-
graph Monday morning prints the fol-
lowing dispatch, dated May 19, from
its correspondent at the Japanese
headquarters, which the dispatch does
not locate:

"There has been no change in the
position here for the past ten days.
Our advanced division is in touch with
the enemy near Mao-Tien Pass, where
the Liao Yang road traverses the de-
file. The Russian line extends from
Hai Cheng to the west of Mao-Tien
Pass."

Trout Have the Malaria.

Washington, May 23.—Trout are
subject to malaria, according to a re-
port just received here of an investi-
gation into the cause of an epidemic
among the fish of that genus in the
government fish hatchery, Cold Spring
Harbor, L. I.

Filipino Monks Expelled.

Caracas, May 23.—The government
has expelled from Maracaibo, 12 Span-
ish monks who came from the Philip-
pines. The action was taken on the
ground that the policy of the monks is
incompatible with the tendency of
modern society.

fering extreme depression for several
months because of heavy losses in

M. Lyon, who was the head of the Ly-

COULD HEAR IN GERMAN.

A Horse That Was Not Used to Instructions in Any Other Language.

"I bought a horse at an auction not long ago," said an Eighth avenue butcher, according to the New York Press, "and I thought I had got a bargain until I tried him a few days; then I concluded that I had been stuck. The horse was sound, had good sight, but he would not obey commands. He would not stop when the driver said 'Whoa!' nor start when he said 'Git up.' The animal seemed to be deaf, and the first chance I got I sold him to a German baker at a sacrifice.

"Shortly after that I met the baker, and he shook my hand cordially and expressed himself as being very much pleased with the horse I had sold him. I wondered at this and asked if the horse seemed to have any difficulty in hearing. To my surprise, the baker said the horse could hear as well as any horse he ever had.

"Does he stop when you say 'Whoa!' and start when you say 'Git up?'" I asked.

"Oh, no!" exclaimed the baker, "I don't say that. I talk to him in German."

"That horse must have belonged to a German before he was put up at auction. That is the only way I can account for his actions."

Congressional Pleasantries. Champ Clark was making a speech in the house a few days ago when Mr. Mann, of Illinois, was called out of the hall on business. He was gone some time, but when he returned the same robust voice was still making the echoes.

"Is Clark still championing?" asked Mr. Mann, frantically, of Mr. Mudd, of Maryland, who was just coming out.

"He's championing a little bit," responded Mr. Mudd.—Washington Letter.

Overheard on the Pike. Mr. Easy—"Why should people visiting The Exposition at night, use more Allen's Foot-Ease than in daytime?"

Miss Foot—"Because under the brilliant illumination of the grounds, every foot becomes an acre!"

Mr. Easy—"Fair, Only fair! Pray, conduct me to the nearest drug store and I promise never to accept a substitute for you or for Allen's Foot-Ease."

FOOT NOTE—The twain will be made one in June.

The Glorious Prince. "Yes," he said "I once saw a prince."

"Oh," she asked, clasping her hands and looking with awe into the eyes that had gazed upon royalty, "what was he doing?"

"Trying to balance a feather duster on his nose for the amusement of a chorus girl."—Chicago Record-Herald.

TIRED, SUFFERING WOMEN.

Women run down and endure daily tortures through neglecting the kidneys. Kidney backache makes housework a burden; rest is impossible; sleep fitful; appetite gives out and you are tired all the time. Can't be well until the kidneys are well. Use Doan's Kidney Pills, which have restored thousands of suffering women to health and vigor.

Mrs. William Wallace, of 18 Capitol St., Concord, N. H., says: "I was in the early stages of Bright's Disease, and were it not for Doan's Kidney Pills, I would not be living to-day. Pain in the back was so intense that at night I had to get out of bed until the paroxysm of pain passed away. I was languid and tired and hadn't the strength to lift a kettle of water. I could not work, but a few doses of Doan's Kidney Pills relieved me, and two boxes absolutely cured me."

A FREE TRIAL of this great kidney medicine which cured Mrs. Wallace will be mailed to any part of the United States. Address Foster-Milburn Co., Buffalo, N. Y. Sold by all dealers. Price 50 cents per box.

HE REALIZED LATER.

Mr. Bore (12:05)—I must go; it's getting late.

Miss Caustique—Better late than never.

Both Sides of It. When a man gives ear to gossip, He, with a smiling face Is sure to make remarks about The woman in the case. But he always overlooks the fact That, since the world began, There's been no woman in the case In which there was no man. —Cincinnati Enquirer.

Easy Either Way. They were discussing domestic matters with masculine confidence. "There's only one way to keep a cook," asserted one.

"How is that?" asked the other.

"Marry her."

"But suppose you're already married?"

"Easy again. Any time that you can't make the cook your wife, why, make your wife the cook."—Brooklyn Eagle.

Haynes—You shouldn't ask for an orange when we're visiting.

Virginia—I didn't. I just took it.—Detroit Free Press.

The Better Way. You say that tumbling drunken men Are seldom hurt at all. And here's another truth to learn; If men the fiery stuff would spurn, They wouldn't even fall. —Chicago Record-Herald.

Hard to Understand. Gilholly—You say your wife is in a bad humor? Pennybunker—Yes, she is. "What is she angry about?" "In the first place, she got angry at the servant girl, then she got angry at me because I didn't get angry at the servant girl, and now she is angry at herself because I got angry at her because she got angry at the servant girl. Do you understand?"—Tit-Bits.

Comparisons of Time. The warship truly is a grand But perishable rinket. It takes five years to build it and A half an hour to sink it. —Washington Star.

LIKELY TO LAST.

He (after the acceptance)—Have you never loved anyone so much as you do me?

She (thoughtfully)—Not in the spring. —N. Y. Weekly.

Cause and Effect. She—Gracious, how the wind does howl to-night! He—Yes; it probably has the toothache. She—The toothache! He—Yes. Have you never heard of the teeth of a gale?—Chicago Daily News.

Question of Degree. Wagner—Is it proper to say "drank," or "drunk?" Jagger—It depends altogether on how far gone you are.—Philadelphia Telegraph.

His Position. "I have heard or read somewhere," mused the young lover, "that Wordsworth, or some such name, the poet—I believe he was a poet, or something of the kind—once described woman, if I haven't forgotten the way the remark ran, as being 'A creature not too bright or good for human nature's daily food.' I don't know exactly what he meant—but, anyhow, I do know one thing: She is sweet enough to eat—Gladys Jones is!"—Puck.

The Shortage of Power. It had already grown quite dark, and there was something wrong with the electrical apparatus in the hotel.

"What's the matter here, anyway?" asked a man of the hotel clerk.

"Won't you please give us some light?"

"I'd be very glad indeed to accommodate you, sir," replied the clerk, "if I only had the power."—Detroit Free Press.

HAD TO FIGHT BIG ODDS.

Mr. Wauta Noe—Did your husband die peacefully?

Mrs. Berrymore—No; he had three doctors.—Chicago Chronicle.

Real Swell. "This," said Mrs. Porcupine, exhibiting a diamond-studded gold chain, with gold clasps at each end, "is for my husband's birthday. I had it made special."

"But what is it? What are the clasp for?" inquired Mrs. Ascum.

"Why, don't you see, it's a napkin holder; holds his napkin right up under his chin."—Philadelphia Press.

Not True to Nature. A visitor to a museum reports that he saw a countryman standing before the bust of a woman in a collection of statuary. The woman was represented in the act of coiling her hair, and as the visitor came up the countryman was saying to himself:

"No, sir; that ain't true to nature. She ain't got her mouth full o' hairpins."—Tit-Bits.

NOTHING SERIOUS.

"I tell you that girl is dying for me."

"Humph! I haven't seen the family doctor at her house lately."—Chicago American.

Contentment. Contentment does not spring from wealth. We are told, and that may be; And yet we know it doesn't flow From grinding poverty. —Philadelphia Ledger.

Referred to the Ad. Man. "I am deeply interested in discovering the Lost Tribes of Israel," said Mr. Musty, as he came in and sat down by the busy editor for an hour's discussion of the subject.

"So?" replied the man of resources. "Why don't you advertise for them? The business office is on the first floor. Here, Dan, show the gentleman to the advertising department."—Tit-Bits.

In Arizona. Stranger—What's that crowd across the way? Native—That's our string band. Stranger—You don't say! Going to give an entertainment, I suppose. Native—Yes; going to string up a hoss thief.—Cincinnati Enquirer.

Just So. Little Clarence—Pa, why do they call the end of a college student's school life the commencement? Mr. Callipers—Oh, because that is when the matter-of-fact old world commences to take the conceit out of him.—Puck.

Sense of Danger. "So you have quit eating patent food?" "Yes," answered Mr. Bliggins. "You know they advertise to make brain, and I'm afraid I'll get to be a regular genius, and have to wait for post-hits to appreciate me."—Washington Star.

IT WAS NOT APPRECIATED.

Minister's Wife Had a Flower Hat and Put It in the Wrong Place.

A story is told by the Chicago Inter Ocean of a woman in that town, the wife of a young minister, who has always had a liking for hats of the flower-bed variety, although she condemned others for wasting money that should go to the heathen. At present she owns a "dream" of a "sky piece," that is covered with violets. The young wife wore this hat to a funeral recently, at which her husband officiated. Going into the room which contained the coffin she removed the hat and placed it on a stand.

The sad-faced, sleek-haired undertaker came in a few minutes later to arrange the "floral tokens" on the coffin. After putting the bouquets, wreaths, pillows, broken wheels, anchors and the usual run of flowers in place, he picked up the violet-covered hat and tenderly placed it on top of all the rest.

Several of the "mourners" giggled, and the minister's wife wanted to grab her hat and run. She had to let it alone, however, until the close of the ceremony.

When she marched past the bier she lunged for the hat and successfully made her escape.

An Ohio Notary. Salineville, O., May 23.—Mr. John W. Manning, Notary Public for Columbiana County and one of the most respected men of the state, has caused to be published the following letter:

About one year ago, I was suffering terribly from Kidney Trouble. I saw an advertisement of a medicine called Dodd's Kidney Pills and sent for two boxes.

"In the meantime, I suffered awfully, and as soon as I got the Pills I began taking them according to directions and got almost immediate relief, and I have this further to say, that after using the two boxes, I have never been troubled with my kidneys since."

I have recommended Dodd's Kidney Pills to others, who have tried them, and everyone who used them has been cured. I think they are a great remedy and all that is claimed for them."

Mr. Manning's letter is a strong recommendation for Dodd's Kidney Pills, and worth the attention of all who suffer with Kidney troubles.

History's Hilarity.

Hiawatha and his prospective father-in-law were sitting before the latter's tepee. "I was looking for flints for arrowheads over the ridge to-day," remarked the young brave, "and found several quartz."

"I must tell that to my daughter," the arrowmaker chuckled. "It will make Minnehaha."—Detroit News.

U. S. SENATOR FROM SOUTH CAROLINA

Recommends Pe-ru-na For Dyspepsia and Stomach Trouble.

Ex-Senator M. C. Butler.

If you do not derive prompt and satisfactory results from the use of Pe-ru-na, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

Catarrh of the Stomach is Generally Called Dyspepsia—Something to Produce Artificial Digestion is Generally Taken.

Hence, Pepsin, Pancreatin and a Host of other Digestive Remedies Have Been Invented.

These Remedies Do Not Reach the Seat of the Difficulty, Which is Really Catarrh.

EX. U. S. Senator M. C. Butler from South Carolina, was Senator from that state for two terms. In a recent letter to The Pe-ru-na Medicine Co., from Washington, D. C., says:

"I can recommend Pe-ru-na for dyspepsia and stomach trouble. I have been using your medicine for a short period and I feel very much relieved. It is indeed a wonderful medicine besides a good tonic."—M. C. Butler.

The only rational way to cure dyspepsia is to remove the catarrh. Pe-ru-na cures catarrh. Pe-ru-na does not produce artificial digestion. It cures catarrh and leaves the stomach to perform digestion in a natural way. This is vastly better and safer than resorting to artificial methods or narcotics.

Pe-ru-na has cured more cases of dyspepsia than all other remedies combined, simply because it cures catarrh wherever located. If catarrh is located in the head, Pe-ru-na cures it. If catarrh has fastened itself in the throat or bronchial tubes, Pe-ru-na cures it. When catarrh becomes settled in the stomach, Pe-ru-na cures it, as well in this location as in any other.

Pe-ru-na is not simply a remedy for dyspepsia. Pe-ru-na is a catarrh remedy. Pe-ru-na cures dyspepsia because it is generally dependent upon catarrh.

AT THE FIRST SIGN Of Torturing, Disfiguring Humors Use

CUTICURA

Every child born into the world with an inherited or early developed tendency to torturing, disfiguring humors of the Skin and Scalp, becomes an object of the most tender solicitude, not only because of its suffering, but because of the dreadful fear that the disfigurement is to be lifelong and mar its future happiness and prosperity. Cures made in childhood are speedy, permanent and economical.
